20<sup>th</sup> October 2014

Dear Parents,

As you are aware St Peter's C E (VC) First School recently underwent a full Ofsted inspection and a copy of the final report was sent home to all parents on Friday 17<sup>th</sup> October. With the inspection concluded and final report issued I wanted to take the opportunity to write to all parents to provide some comments from the school governing body.

The overall assessment of the school has again been rated as Good. In real terms this demonstrates not only sustainment of the levels since the previous Ofsted review, but given the increased standards that Ofsted now looks for, actually demonstrates significant improvements.

The Ofsted review concluded that all aspects of the school were consistent in attaining a Good level and the report draws out areas of higher performance and those areas for further enhancement. The governing body and school leadership team will be using the insights provided through the inspection to build on our areas of strength and develop in the areas identified to maintain the high standards throughout the school and best position us for future inspections.

I would like to thank all staff and governors who supported the inspection and all parents who took the time to complete the online survey, the survey sent home or those who spoke personally with the inspector.

If any parents have any comments or issues raised by the Ofsted report and they would like to discuss further, please do not hesitate to get in touch through the school with the Headteacher, staff or members of the governing body.

Regards,

**Mr Robert Neads**

**Chair of Governors**
